WHY DOES DIVERSITY & INCLUSION MATTER?

Diverse companies are more likely to **financially outperform** their peers.

^{*}Difference in likelihood of outperformance of 1st and 4th quartile.

= HOW WOULD YOU DEFINE?

DIVERSITY

WHO

is in the room?

INCLUSION

Contribution & Participation

The active engagement of the contributions and participation of all people.

Have everyone's ideas been **HEARD?**

= WHAT IS/NOT INCLUSION?

EXCLUSION

SEGREGATION
INCLUSION

= PRIVILEGE

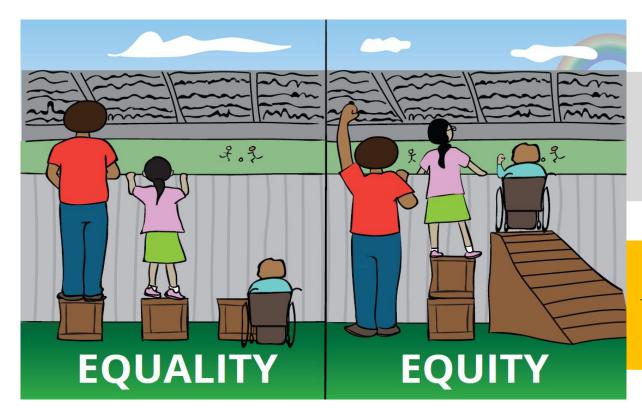

"What's the matter?
It's the same distance!"

Privilege

An **unearned advantage** we get by being part of a group whose needs have traditionally been prioritized.

EQUITY VS EQUALITY

Equality

The state or quality of being equal. Treating every individual in the same manner, irrespective of their differences.

Equity

The quality of being fair and impartial. Treating each individual according to their needs.

How does equity translate to the workplace policies and processes?

How should they?

= LET'S SEE SOME EXAMPLES!

How could the following initiatives be shifted towards **EQUITY**?

EQUALITY

Equally allow everyone to work from home office and determine the working hours.

Run an online Employee Engagement Survey

Focus on educational background and specific degree-requirements when hiring.

In the new office, you've set up lots of small meeting rooms so colleagues can retreat when they need to.

You have just launched a new health insurance / cafeteria system with equal conditions and unified services to all employees.

EQUITY

Focus on the output and allow colleagues to work according to a schedule that suits them best.

Allow a paper-based survey completion for those without web access or email address.

Emphasize skills and previous work experience.

Make sure that all or at least some of the rooms wheelchair accessible.

Launch a benefit system with equal conditions, but selectable/tailorable services, fitting to individual needs.

DIVERSITY

Representation

The representation of various identities and differences.

WHO

is in the room?

Fair treatment; access to the same opportunities and resources.

Who is trying to get into the room, but CAN'T?

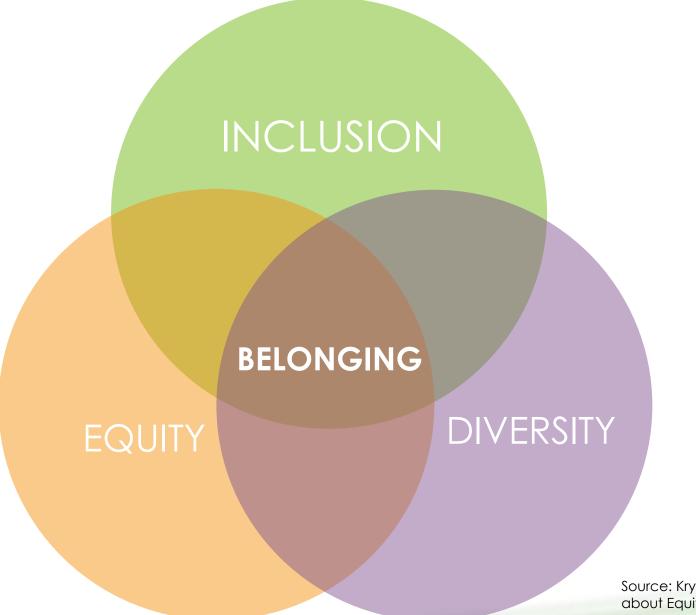

INCLUSION

Contribution & Participation

The active engagement of the contributions and participation of all people.

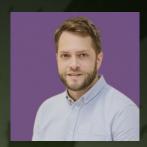

Have everyone's ideas been **HEARD?**

DISRUPTIVE

D&I has to be done, so we'll do

STRATEGIC

What's the point of D%IS

COMPLIANT

Organisation:

Address D&I as far as legislatively required. Basic data collected. Basic policies in place.

D&I is part

of

everything

we do

Leadership:

All leaders own and communicate D&I through the business. Leaders are held accountable.

Organisation:

INTEGRATED

All policies and practises reinforce the D&I. Organisation actively supports underrepresented groups. Strategy.

Leadership:

Leaders have strong D&I knowledge and integrate this into all activities.

Organisation:

Organisation ideologically supports D&I and demonstrates leading corporate citizenship. They are innovative and courageous in supporting D&I.

Leadership:

All leaders challenge their thinking and the thinking of others.

Organisation:

No desire to address D&I. No policies in place.

UNAWARE

Leadership:

Unaware/unintereste d in D&I. Keeping the status quo.
